PETER D. SWANN JOINS WORKCARE AS ASSOCIATE MEDICAL DIRECTOR

Anaheim, California – WorkCare, Inc. recently selected Peter D. Swann, MD, FAAFP as associate medical director. As an experienced clinician, Dr. Swann has held various positions within the occupational health care industry and has been a leader in integrating medicine and technology.

“With his extensive knowledge of medicine and technology, Dr. Swann will play a vital role in the growth of our telemedicine initiatives,” said company CEO and President Peter P. Greaney, MD.

As a key member of the clinical team, Dr. Swann serves as an occupational medicine consultant for select clients and provides onsite clinical support for various clients in the mining, energy, construction and pharmaceutical industry.

“WorkCare’s high-tech, high-touch approach to proactive injury management takes a physician’s skills and knowledge to the injured employee when they need it most – when they are first injured,” said Dr. Swann. “I am very excited about joining the team and I look forward to helping our clients decide how best to deliver the right care, at the right time, in the proper setting.”

Dr. Swann is a graduate of Dartmouth College and holds a medical degree from Tufts University School of Medicine. He will work out of WorkCare’s Northern California office.

About WorkCare:

As a leader in the field of occupational healthcare, WorkCare is at the forefront of helping companies maintain a healthy and productive workforce by providing proven solutions to employee lost time due to injury and illness.

With a prevention-minded staff of clinicians, the company offers a diverse complement of services that include absence and injury management, medical examinations, TravelCare®, onsite clinic management, and consulting medical director services.
